Asher James Wallace, son of Isaac and Tania Wallace of Fairmont, was born April 25th, 2020 in Fairmont. He weighed 7 pounds and was 21½ inches long.

Grandparents are Brad and Debbie Wallace and Bonnie Taplin of Fairmont, and Jack Taplin of Granada. Asher has a brother Eli.

Our little Asher is a miracle. He came early at 38 weeks and had to be air lifted to Rochester for surgery on his stomach.

We were told he would be in the NICU for a month but 13 days later he was able to go home.

Thank you for all the support from family, friends and the community on this journey.

THE TURQUOISE PICNIC TABLE - Over the last year, members of Fairmont Women of Today were asked to chair an event with the theme "Find Joy in the Journey." One member decided to host a book club, and The Turquoise Table, by Kristin Schell, was read and discussed. The book is about a woman who put an ordinary picnic table in her front yard, painted it turquoise, and began inviting friends and neighbors to join her. The Turquoise Table is about finding community and connection in your own front yard, a theme Fairmont Women of Today has decided to do in their own community! Fairmont Women of Today has made a donation to have a park picnic table re-painted turquoise, and will be hosting "Popsicles in the Park - A Turquoise Table Event," on Thursday, July 30th, from 6-8 p.m., at Bird Park, in Fairmont, to showcase just how a turquoise table can be utilized. The group has also painted another picnic table turquoise, which will be available for an individual in the community to win to use for their own front yard. Applications for this table are available until August 5th, 2020, and can be found at <https://fairmontwt.wordpress.com/turquoise-table-application/>.

Fairmont Hy-Vee gives away more than 3,800 apples

Fairmont Hy-Vee recently distributed more than 3,800 free apples during a contactless, drive-thru giveaway event.

During the event, apples were loaded directly into customer vehicles to minimize physical contact and maintain social distancing.

The giveaway was made possible thanks to Hy-Vee's fruit supplier, who donated the apples in light of the current coronavirus (COVID-19) pandemic. In total, 380 customers received 10 apples for a dona-

tion equaling approximately 1,150 pounds.

"It's a privilege to partner with our long-time friends at Hy-Vee to share nutritious Stemilt apples with Hy-Vee customers during these unprecedented times," said West Mathison, president for Stemilt.

This contribution is part of a series of donations that Hy-Vee and its suppliers are making to local communities and food banks across Hy-Vee's eight-state region during the COVID-19 pandemic.

Obituary Notices

Glenda R. Hugget, 73

Memorial Service for Glenda R. Hugget, age 73, of Fairmont, MN, were held on Wednesday, July 29, 2020, at the Lakeview Funeral Home Chapel in Fairmont. Burial will be held at a later date in Zion

Lutheran Cemetery in Odin, MN.

Glenda passed away on Thursday evening, July 23rd, 2020, at her home in Fairmont. The Lakeview Funeral Home and Cremation Service in Fairmont assisted the family with arrangements. The family requests memorials be made in Glenda's name to the Martin County Relay for Life.

Glenda Rae (Vanden Bosch) Hugget was born on January 4, 1947, in Orange City, Iowa to Theodore and Margaret (Hulst) Vanden Bosch. She was the 6th of 10 kids born and the first born in a hospital and not on the farm. Glenda attended country school in the Boyden and Sheldon, Iowa area in her younger years and spent

her high school years at Lake Park High School in Lake Park, Iowa where she graduated in 1965.

On September 17, 1965, Glenda was united in marriage to Donald R. Von Holdt in Lake Park, Iowa. To this union, Glenda and Donald were blessed with two sons; Robert Ray Von Holdt and William John Von Holdt. Donald passed away on July 25, 1974, at the young age of 36. Glenda found love again, and on August 17, 1975, was united in marriage to Elwood "Woody" Hugget in Spirit Lake, Iowa. To this union they were blessed with a daughter; Cassandra "Cassie" Hugget along with his children Sandra, Woody, and Debbie.

Glenda and Woody made their home in Fairmont, MN for 38 years living on the Budd Lake for many of those years. Woody passed away on

March 15, 2008. Glenda had a passion for children and spent 30 plus years as a daycare provider. Those children in her care she loved like her own grandkids and built unbreakable bonds with them even in their adult lives.

Glenda also sold Tupperware for over 25 years and loved it dearly. Through her Tupperware business, many lifelong friends were made. Glenda also dabbled in Avon and made many friends through her Avon business as well.

Glenda found love again when she met her sweetheart, Randy David Garrison. She loved him fiercely and enjoyed every moment she could spend with him, whether it would be fishing, or listening to his music, or their trips up North, anytime with Randy left Glenda glowing. Glenda also loved her kids, grandkids,

and great-granddaughter very much. She had so much love to give and it extended well beyond her immediate family.

Anyone who knew Glenda, also knew how proud she was of her Dutch heritage. You could hear her say with a big smile on her face, "If you ain't Dutch, you ain't much!" She would also always tell those that she loved, "Love you more!" It became her staple so to speak.

Left to cherish her memory are her children: Robert (Heidi) Von Holdt of Granada, MN, William Von Holdt of Fairmont, MN, Cassandra "Cassie" Hugget of Fairmont, MN, Debbie (Jason) Goodin of Smithfield, VA, her grandkids Haylee Von Holdt, Carlee Vanasse, Loreli Grapevine, Christian Hugget, Cody Goodin, Cory Goodin, Angel Salas, Israel Salas, Magdalena

Salas, great-granddaughter Alaris Von Holdt, her siblings Thelma Van Nyhuis, Evelyn Jacobsma, Lorraine Egdorf, Ken Vanden Bosch, Terry Vanden Bosch her adopted daughters Martha Perez of Lakota, Iowa, and Rhonda Fenner of Truman MN, the love of her life Randy David Garrison of Northrop, MN, and many other family and friends.

Glenda was preceded in death by her parents Theodore and Margaret Vanden Bosch, late husband Donald Von Holdt, late husband Woody Hugget, sister Shirley Morrow, brother-in-law Lee Morrow, brothers Gary and Leroy Vanden Bosch, brother-in-law Gene Egdorf, and brother-in-law John Wesselink, and infant sister Patty Vanden Bosch.

The Junior Miss Scholarship Program was to be held at the Fairmont Opera House. Six girls were participating: Erin Marie MaGill, Jill Marie Hintz, Tracy Jean Hallstrom, Stacey Lynn Bosma, Brandie Jean Renning and Abby Soo Link. All six girls were

About the Cobra

The 'Snake' is a Bell Cobra-Rotary Wing Attack Helicopter acquired by the MCVM Committee has been put on permanent display at the Martin County Veterans Memorial site.

Restoration of The Cobra 327

Martin County's Veteran Memorial Committee restored this Cobra in Fairmont MN., returning it to the likeness of 1971. This detailed restoration work had been in progress since the fall of 2019.

The history of The Snake Cobra Attack Helicopter 327

Martin County's Veterans Memorial Site will permanently display the actual Bell Cobra-Rotary Wing Attack Helicopter, AH-1-66-F-15327. U.S. Army records show this very helicopter is internationally famous for serving the US Army in both Vietnam and Laos from 1968 to 1971. Even though five states were vying for the acquisition of this Cobra, due to the hard work of Minnesota State and Local Veterans and Volunteers the Cobra was awarded to Martin County.

Many Veterans remem-

ber how the Cobras saved their lives when the enemy outnumbered them. Our local Veterans have lived the story. In Vietnam on various dates, Cobra-327 was hit by enemy fire at least twelve times. Bell's armor plating saved the flight crew from mortal inflictions. Missions included: Armed Escort, Recon Missions & Battle Support.

One Veteran's Story – Neil Lee

Guest Columnist

Lenny Tvedten, Director, Martin County Historical Society

Martin County's Veterans' Memorial Site will have a Bell Cobra Rotary Wing Attack Helicopter on display. This helicopter was a stalwart of the U.

S. Army's attack aviation serving in both Vietnam and Laos from 1968-1971, often saving the lives of many American soldiers. There are many Martin County veterans that have experienced helicopter service as well. The following is the account of the experiences of one Martin County veteran, Neil Lee.

"Several types of helicopters were used during the Vietnam Conflict-from observation and MEDEVAC to gunships and dedicated attack types. The American Bell UH-1 Huey is the most famous of the

Vietnam helicopter types and proved a workhorse for air cavalry units throughout the war. The attack helicopter - embodied by the Huey Cobra, was also used for the first time in warfare." Former Martin County resident, Neil Lee, piloted a UH-1 Huey during his tour of duty in Vietnam.

Neil Lee was commissioned a 2nd Lieutenant through ROTC at South Dakota State University. He entered the Army in March of 1968. His initial training took place at Fort Eustis, Virginia. Following that, he completed the

first half of flight school at Fort Wolters, Texas, and the second half at Fort Rucker, Alabama. He graduated in February of 1969 as a UH-1 Huey pilot.

He then went back to Fort Eustis to the Aircraft Maintenance Officers Course (AMOC), and returned to Fort Rucker to transition into the CH47-Chinook. He completed that course and went to Viet Nam in August 1969. During his tour of duty in Vietnam he served in A Company 228th Assault Support Helicopter Bn (ASHB) in the 1st Cavalry Division.

Lee explained their mission was primarily resupplying the forward LZ's with mostly sling loads, ammo, food, water and whatever else they needed. During that time, eight-hour flight time days were not uncommon.

Lt. Lee was awarded two Bronze Stars, an Army Commendation Medal, several Air Medals including one with a "V" device for Valor.

He stated that his favorite memory of Viet Nam was the men he met that flew with him. He describes those individuals as being the most amazing pilots he ever met and is proud to have known them. Following his tour of duty in Viet Nam, in August of 1970 he was sent to Germany for three years. He was honorably discharged from active duty in September of 1973.

He eventually moved to Fairmont where he was employed as manager of the Insurance Agency at the Martin County National Bank, later to be known as Profinium. In addition, he also performed some

other duties for the bank. During that time, he served in the National Guard for 19 years, the last 10 of which were in the Fairmont unit. By then, he had stopped flying and entered the unit as a Sergeant, the last three years of which he was the First Sergeant.

Upon retiring from the bank and insurance agency, in 2006 he and his wife, Nancy, moved to Volga, South Dakota, to be closer to their children and grandchildren.

The Bell Rotary Wing Attack Helicopter will be dedicated on August 1, 2020, at the Martin County Veterans' Memorial Site on Winnebago Avenue in Fairmont. Watch the local media for exact time of the event and other activities planned for that day.

Joseph Kreiss, Portrait of a Veteran Project

Bruce Moore
Born in 1945 in Topeka, Kansas
Grew up in Fairmont, MN
U.S. Army Vietnam War Veteran
Purple Heart Recipient

The year was 1967. Bruce Moore had just graduated from Mankato State University with big plans of what he would do with his life now that he had his degree. But the Vietnam war was raging and by 1968, the 23-year-old Moore was drafted into the United States Army. Following basic training at Fort Campbell, Kentucky, Advanced Infantry Training (AIT) at Fort Polk, Louisiana and additional training at Fort Benning, Georgia, Moore was shipped to Southeast Asia in April, 1969, to fight in Vietnam.

Moore quickly worked his way up the combat ranks, becoming a squad leader for a seven-to-eight-man infantry rifle platoon to later becoming a platoon Sergeant in a 24-man reconnaissance platoon as part of the 11th Light In-

fantry Brigade AMERICAL Division. He and his men were encamped at forward fire-bases at Chu Lia and near Duc Pho. "The responsibility of being a squad leader or platoon Sergeant caused me a lot of anxiety," Moore recalled, "even though you couldn't control what happened, it still felt that way. It was real tough seeing friends wounded or killed."

Moore himself was wounded in action in Vietnam, but doesn't openly share the story behind his war injury that resulted in receiving a Purple Heart medal. "I don't regret being in the service, but I wouldn't want to do it again," he admitted. Moore was brought home from Vietnam and honorably discharged from the Army in 1970. Once back in Minnesota, he worked for a concrete construction business before being hired on at 3M in Fairmont. He retired from 3M after 33 years with the company, serving in management and engineering positions.

By Al Batt

There's more beauty in my ZIP code than I could see or hear in two lifetimes. Sweet sounds of goldfinches greeted me. What is yellow, weighs 4,000 pounds and sings? A two-ton American goldfinch.

The catbirds fed on suet more than I'd seen before. Smithsonian scientists reported 79% of fledged catbirds in the suburbs of Washington, D.C., were killed by predators before reaching adulthood, with 49% dispatched by domestic cats. Maybe the suet feeder is a "catbird seat," a reference to a position of great prominence

or advantage. Legendary baseball announcer Red Barber used the expression "sitting in the catbird seat," meaning a baseball player was sitting pretty, like a batter with a count of three balls and no strikes. It's believed the expression originated from a 1942 short story by James Thurber, "The Catbird Seat."

I was filling bird feeders when I frightened a chipmunk from a hanging feeder. It jumped from the feeder into the bird-bath. I'm sure that wasn't intentional. He splashed down, jumped from the water and scurried off after a dive that would have made Greg Louganis proud.

A blue jay grabbed a peanut shell holding two peanuts and swallowed. It snatched another hull covering two goobers in its bill and flew away. A jay can transport food in its throat and upper esophagus — an area called a gular pouch.

Canada geese are flying again. About five weeks after Canada geese hatch, the adults molt, which renders them flightless until the goslings can fly

at 9 to 10 weeks of age. At that time, they all are able to fly. That's typically during the second half of July.

I found a few dogbane leaf beetles. As I moved slightly, their iridescent colors shifted from blue to green to red to orange. Quiet fireworks. The beetles feed on the poisonous sap of milkweed and dogbane.

I tossed a small pizza crust on the lawn to see what would become of it. A crow found it quickly. Later, while mowing the lawn, I found a crow feather in the spot where the pizza had been. A coincidence or a quid pro crow?

Cicadas called. They declared it to be summer. I watched a great horned owl land twice in the yard not long before dusk. I didn't see it catch anything. It might have attempted to find relief from being mobbed by jays, robins, chickadees, nuthatches, catbirds, woodpeckers and grackles. Mobbing is a loud expression of outrage and a behavior birds engage in to defend themselves or their offspring from predators. The smaller

birds worked together like an indignant committee to annoy the owl from the yard. The night would prove generous with its stars.

Q&A

"Does Minnesota have a state bee?" The rusty patched bumblebee became Minnesota's state bee in 2019. This fuzzy bumblebee can be identified by a rust-colored patch on its abdomen. All rusty patched bumblebees have entirely black heads, but only workers and males have a rusty reddish patch centrally located on the back. It's found in grasslands and prairies in Minnesota. The rusty patched bumblebee was once widespread in the eastern U.S., but is now found in just a fraction of its former range. Since 2017, it has been listed as an endangered species under the U.S. Endangered Species Act. Its designation as state bee is intended to raise awareness about the role of pollinators in Minnesota's ecosystems and the importance of conservation of their habitats.

"Do deer really eat birds?" Yes, they will eat

eggs and baby birds as trail cams and eyewitness reports have seen.

"What's the difference between a fruit and a vegetable?" Botanists define a fruit as the portion of a flowering plant that develops from the ovary. It contains the seeds, protecting them and facilitating dispersal. The fuzzy definition of a vegetable is any edible part of a plant that isn't a fruit. Scientifically, because corn is a structure to bear seeds, it's a fruit.

"What is the smallest bird in North America?" The Calliope hummingbird.

Karen Wright of Mankato asks if daddy longlegs are able to spin a web. I hear the name daddy longlegs used most often to refer to harvestmen, which are ground-dwelling outdoor creatures. Harvestmen are arachnids, but they aren't spiders. Some people refer to cellar spiders or crane flies as daddy longlegs. Harvestmen cannot produce silk, therefore cannot make webs.

"Did storks ever deliver babies?" They did until they were required

to provide child restraint systems.

"What is a dunkadoo?" It's a nickname for the American bittern.

Thanks for stopping by "The whole problem with the world is that fools and fanatics are always so certain of themselves, and wiser people so full of doubts." — Bertrand Russell
